

## A PROUD SUPPORTER OF ISRAEL

*"Since its founding, Israel and the United States have always been natural friends and allies because of our shared commitment to freedom and our common values. Having served as a paratrooper in the Middle East I understand just how vital an ally Israel is in the fight against terrorism. If the values of democracy and freedom are to prevail, the relationship between the U.S. and Israel must remain strong. In Congress, I will always work to foster and maintain the special relationship between America and Israel."*

--- Congressman Patrick J. Murphy

### ✓ **Fighting Anti-Semitic Boycotts of Israel**

*Introduced a resolution condemning the decision by the University and College Union (UCU) of the United Kingdom to support a boycott of Israeli academia (H. Res. 467)*

- The UCU is one of the largest unions in Britain and it is imperative that we fight against this misguided decision.
- Rep. Murphy's resolution condemns the UCU's anti-Semitic boycott and urges governments and educators throughout the world to reaffirm the importance of academic freedom and open dialogue.
- This resolution has 70 cosponsors, both Republicans and Democrats, as well as the support of local and national Jewish and Pro-Israel groups. The resolution passed the House on July 11, 2007 by a vote of 414-0.

### ✓ **Getting Tough on Iran**

*Co-Sponsor of the Iran Counter-Proliferation Act*

- Congressman Murphy is a co-sponsor of the *Iran Counter-Proliferation Act, H.R. 1400*, a bill that places stricter limits on U.S. exports to Iran and prohibits all Iranian imports. It forbids nuclear cooperation between the United States and any nation that provides nuclear assistance to Iran.
- This bill highlights a pragmatic way forward to slow, and maybe stop, the Iranian weapons programs that could present a grave threat to the United States and its allies in the Middle East, Europe, and around the globe.

*Co-Sponsor of the Iran Sanctions Enabling Act*

- Congressman Murphy is a co-sponsor of H.R. 2347, the *Iran Sanctions Enabling Act*. This tough legislation empowers state and local governments to pressure the Iranian regime by divesting their pension fund assets from companies with investments of \$20 million or more in Iran's energy sector. The legislation also makes it easier for investment firms and pension fund managers to divest funds from these companies without risking legal action, and would support divestment efforts in states, localities and at universities.

*Condemning Calls to "Wipe Israel Off the Map"*

- Congressman Murphy is a co-sponsor of and voted for H.Res. 435, a resolution urging that Iranian President Mahmoud Ahmadinejad be charged with violating the 1948 Genocide Convention and the UN Charter because of his calls for the destruction of Israel.
- During his most notorious address on this topic at the 2005 World Without Zionism Conference in Tehran, Ahmadinejad urged that Israel be "wiped off of the map." The 1948 Genocide Convention not only prohibits genocide but it also prohibits "direct and public incitement to commit genocide." This resolution passed the House on June 20, 2007 by a vote of 411-2.

### ✓ **Cracking Down on Hezbollah and Hamas**

*Stopping Illegal Arms Trafficking to Hezbollah*

- Signed a letter to Secretary of State Condoleezza Rice asking her to work with the United Nations to give the UN force in Lebanon (UNIFIL) the mandate it needs to stop illegal arms flows across the Syrian border to Hezbollah.
- Under UN Security Council Res. 1701, UNIFIL cannot engage Hezbollah forces transferring arms across the Syrian border without a specific request from Lebanon. To date, no such requests have been made. This letter encourages Secretary Rice to work within the UN Security Council to give more authority to the UNIFIL force.

### ***Pressuring Europe to Crack Down on Hezbollah***

- Congressman Murphy signed a letter to French President Nicolas Sarkozy urging him to encourage the European Union to add Hezbollah to the EU's terror list.
- Such action would effectively bar Hezbollah from fundraising in Europe, freeze Hezbollah's European assets, and thwart Hezbollah from continuing to use the European banking system as a conduit for channeling money from Iran.
- On March 10, 2005, the EU Parliament voted overwhelmingly to adopt a resolution that affirmed Hezbollah's involvement in terrorist activities and ordered the EU Council to "take all necessary steps to curtail" Hezbollah.
- Despite this action, the EU has failed to place Hezbollah on its list.

### ***Putting Political Pressure on the Hamas-Led Palestinian Government***

- Congressman Murphy signed a letter to the High Representative of the European Union requesting that the EU not provide any aid to a Hamas-led Palestinian government.
- A Quartet, composed of the United States, EU, the United Nations and Russia, agreed upon a series of conditions that would be required before a Hamas-led Palestinian government would be eligible for economic assistance as well as recognition by the international community. In a statement on February 2, the Quartet reiterated its call for the Palestinian government to adhere to the basic principles of renunciation of violence, recognition of Israel, and acceptance of previous agreements including the Roadmap.
- Hamas leaders have refused to agree to these basic conditions and Rep. Murphy believes that it is imperative that the world speak with a unified voice that this is unacceptable and that we collectively keep pressure on Hamas by withholding aid.

## ✓ **Working to Reengage America in the Israeli-Palestinian Peace Process**

### ***America's voice has been absent in the Mid-East peace process for far too long***

- Congressman Murphy is an original cosponsor of a H. Res. 143, a resolution urging President Bush to appoint a Special Envoy for Middle East peace.
- This resolution states that it is in America's interest, as well as the world's, to bring an end to the Arab-Israeli conflict that has devastated an entire region of the world and cost countless lives.
- It also states that if the United States fails to act, some other state, perhaps with hostile intentions, may seek to fill the void.
- Congressman Murphy strongly believes that we must all work together to solve this conflict and this resolution is a small step in the right direction.

## ✓ **Creating a Strategic Partnership Between the U.S. and Israel**

### ***Co-Sponsor of the United States-Israel Energy Cooperation Act***

- As part of our effort to reduce our dependence on fossil fuels, the US government should encourage the American and Israeli private sectors and academia to work cooperatively for the development of alternative and efficient-energy technologies.
- Congressman Murphy is a co-sponsor of the *United States-Israel Energy Cooperation Act, H.R. 1838*, which would create a grant program administered by the Department of Energy to provide support for joint venture research into the development of alternative energy sources and technologies which make our use of traditional energy sources more efficient.

### ***Educating Fellow Members of Congress About Israel***

- Congressman Murphy is a proud member of the Democratic Israel Working Group (DIWG).
- The DIWG is an independent congressional membership organization organized to promote pro-Israel policy positions, lead outreach efforts to the Jewish community, and be a resource to the Democratic caucus.
- The DIWG provides a forum to assist Members of Congress with developing outreach strategies to the pro-Israel and Jewish community regarding legislation and initiatives.
